I commit myself to use funds granted by the foundation for the purpose specified in the application, the award notification of the foundation and the purpose of the foundation according to § 2 of the charter and if necessary to account for the use of the funds after the scholarship should the board of directors of the foundation request this. The following is an excerpt from § 2 of the charter:

- (1) The purpose of the foundation is the support of education as well as science and research.  
[...]
- (3) The goal of the foundation is to support and educate students and graduates and to carry out research in the fields of architecture, landscape architecture and landscape conservation in Germany and abroad. The purpose of the foundation is therefore realised in particular through:
  - (a) The foundation, maintenance and support of educational institutions and scientific institutions.
  - (b) The implementation and ideal and material support of scientific projects that aim to develop innovative forms of architecture, landscape architecture and landscape conservation. (e.g. by assigning research contracts, research projects, dissertations, seminars, symposiums and publications).
  - (c) Organisations and ideal and material support of research events in the fields of architecture, landscape architecture and landscape conservation as well as scientific exchange (e.g. through seminars, congresses, symposiums and publications).
  - (d) Financial and ideal support of German and foreign students and graduates (e.g. through scholarships and awards).
  - (e) Award of prizes and scholarships for scientific and artistic-architectural services, studies and works.  
[...]

I have read and accepted the scholarship regulations of the foundation and confirm that they are legally binding. (Last update: 09.06.2008).
